## Golden-Fitzpatrick Bill Blocks Union-Busting Order, Defends Federal Workers' Rights

Camp Hill, PA. — The PA Conference of Teamsters are applauding a bipartisan bill from Rep. Jared Golden (D-Maine) and Rep. Brian Fitzpatrick (R-Pa.) that would overturn President Trump's executive order stripping collective bargaining rights from hundreds of thousands of federal workers.

This fight is about respect, working men and women are not asking for special treatment — just the same protections politicians give themselves.

On Monday, November 17, 2025, 218 House lawmakers signed onto a discharge petition, forcing the House to vote on the Protect America's Workforce Act.

This bill is heading to the House floor after a bipartisan coalition forced a vote. This bill overturns President Trump's executive order — what Rep. Jared Golden called "the single biggest act of union-busting in American history."

Now is the time for Teamsters to stand shoulder-to-shoulder with federal workers. Politicians enjoy the security of knowing their families will be cared for. Meanwhile, federal workers — the backbone of our government — are being told they don't deserve a voice at work. That's wrong.
