LEGISLATIVE ACTION ALERT

THE U.S. SUPREME COURT GAVE US “JANUS” NOW THEY GAVE WISCONSIN VOTERS THE DEATH SENTENCE

The U.S. Supreme Court overrode the Wisconsin governor’s decision to postpone the election and insisted voters either cast their ballots in person or have their absentee ballot postmarked on Election Day.

As CNN wrote, “The high court Monday night reversed lower court orders allowing an extension for absentee voting by six days. The majority dismissed concerns about Wisconsin residents going to the polls in the middle of the coronavirus crisis.”

Ironically, the court voted electronically since they didn’t want to be subject to the Corona Virus,

but they could give a  about the voters. It’s very likely that it could become all the states’ problems in the near future.

These are the type of decisions we get, *and will continue to get*, when we vote the wrong way.

VOTE FOR CANDIDATES THAT STAND WITH THE UNION REGARDLESS OF THEIR PARTY

This decision obviously gives a new meaning to:

GIVE ME LIBERTY, OR GIVE ME DEATH
