WORKERS AT XPO IN N.J. RATIFY CONTRACT; 2ND CONTRACT APPROVED IN A WEEK NATIONWIDE

(TRENTON, NJ) – Drivers at XPO Logistics in Trenton, New Jersey made history of their own on Saturday, July 17 by ratifying their first contract, one week after their co-workers in Miami did the same, and the two groups now have their rights and protections in a legally binding contract for the first time.

“For the second time in one week, XPO workers ratified their first contract at XPO despite XPO management saying workers would never ratify a contract,” said Jim Hoffa, Teamsters General President. “These two groups’ positive contract votes give other XPO workers the hope that they too can fight and win a more secure future as Teamsters.”

The group of 34 drivers at XPO in Trenton voted to join Local 701 in April 2017. XPO has delayed negotiations, broken labor laws and mistreated workers, all in its attempt to deny workers their federally protected right to form their union and negotiate a contract.

The contract includes “just-cause” protections, a grievance process, successorship language, job protection language and retirement protections, among other improvements.
